

BARTLETT HALL SCENE OF PRETTY NEW YEAR'S BALL

The members of the Mizpah Hill club entertained at the Bartlett hall last evening to a number of invited friends. Dancing was the enjoyment of the evening and needless to say the interior of the mansion was a scene of complete gayness. This is the first affair to be held in the big house, which has been completely remodeled.

On last night's occasion the walls and ceiling had been beautifully and artistically decorated with redwood and strands of electric lights. The incandescents were in the national colors, red, white and blue, and formed an exceedingly pleasant sight when contrasted by the redwood trimmings. At the conclusion of the dance refreshments were served.

The members of the Mizpah Hill club who arranged for the affair are Frank Healy, A. H. Schwinn, Tom Landsborough, J. T. Wolfe, T. A. Frasier, Stanley Herold, H. O. Corey and R. J. Highland. The music for the occasion was furnished by Voss and Olson.

LARGEST SALE EVER ATTEMPTED IN TONOPAH

Commencing Monday, January 3, and continuing until January 15, one of the greatest sales ever conducted in this city will be under way at the store of Morrow and Hussey. Everything is to go at half price in order to make way for spring clothes and as a consequence unheard of bargains can be obtained. A cut of one-half in suits and overcoats makes a material savings for the customer and there is no chance of the opportunity being overlooked. Barry shoes that hitherto have sold for \$5 per pair will be sold at \$3.85. All along down the line the one-half reduction will be in force and suits and shoe strings will be treated to the same cut.

Monday will witness a huge crowd passing in and out of Morrow and Hussey's establishment and if you want bargains, just fall in line with the procession.

PROFESSOR J. J. VOSS LEAVES FOR SACRAMENTO

Professor James J. Voss, better known as "Jim," leaves Tonopah this morning and with his departure goes one of the best musicians that ever struck southern Nevada. For the past two years Mr. Voss has entertained the residents of this desert and his absence will be keenly felt. As a musician he is a star and if our recollection serves us right he is the peer of all who have played in this section. Mr. Voss goes to Sacramento, having been ordered by his physician to seek a lower altitude on account of being a victim of rheumatism.

MANY WATCH DEPARTURE OF THE OLD YEAR

With the shrieking of whistles and the discharge of firearms, 1910 was welcomed to Tonopah last night. Even the merry maskers at the masquerade ball stopped in the midst of the dancing to pay the proper homage to the departure of old 1909. In many of the homes of Tonopah house parties had been arranged for the occasion and several of the churches observed the time honored custom of watch services.

Old 1909 presented a rather mean aspect yesterday and tried in many ways to make the last few hours as disagreeable as possible and throughout the day blew and blustered continually. Occasionally rain fell but this did not put a damper on the spirits of those who kept awake to watch the advent of the year's successor.

A PRIZE WINNER AT THE BUTLER

Tonight at the Butler theater there will be an entire change of program with new songs and new pictures. The following pictures will be shown tonight: "The Fisherman's Bride," a big and interesting drama; "In the Window Recess," a biography drama; "Trick That Failed," comedy; "Blue Garter," drama; "Fun in a Taxi," comedy. There will be the usual matinee today and tomorrow at 2 o'clock. On Monday night we will exhibit a most interesting picture entitled "Cook Landing in America After Finding the North Pole." Another picture that will be shown on Monday is "The Diamond Mines in Operation at Kimberly, South Africa."

TWO GOOD FIGHTS AT THE BIG CASINO

There will be two good fights at the Big Casino this afternoon. A matinee is also a special attraction. Tonight a big masquerade ball is scheduled in addition to the regular performance. A cordial invitation is extended the public to be present at both this afternoon and tonight's attractions.

ANNUAL STATEMENT OF THE BUCKEYE TONOPAH MINING COMPANY.

Knowing full well that by the decision of the Attorney General, the publication of the Mining Company reports is not required until June, 1910, still, if there is any virtue in the law at all, it should be followed in spirit as well as letter, and the Buckeye Tonopah Mining Company, welcomes the law that gives it a chance to place its complete record before the public. Not only are we ready to place this report in the hands of the printers, when the clock strikes midnight ringing out the old year and ringing in the new, but we are prepared to give a similar statement brought down to date at 5 o'clock every day of the year, or to furnish a statement at the close of any business day on call, (as required of national banks).

Statement of the Buckeye Tonopah Mining Company—a corporation organized under the laws of the State of Nevada, made this 1st day of January, 1910, including the period of 12 months preceding this date.

Number of claims owned, FIVE. Named the "Buckeye," "Florence," "Judge," "Ajax," "Tonopah Bulletin." The last four under application for patent, up to the land office receiver's receipt. All being worked through the shaft being sunk on the corner of the Florence claim, near which point all claims converge. Cross-cutting and drifting from the shaft with carry the work into the other claims.

All said claims are located in Nye county, Nevada, in Tonopah Mining District, nearest postoffice being Tonopah Postoffice, which is about 2,000 yards distant. Said shaft being now 808 feet deep, equipped to reach 1,500 feet.

There is a frame boarding house, a frame bunk house, a frame office, a corrugated iron stable, and a frame store house, a corrugated iron engine (hoist) house and a corrugated iron compressor and power house, also a frame galley, frame 24 feet high, with self dumping equipment and rock bin adjoining, all situated near the corner of the Florence claim (under application for patent). The assessment work for 1909 has been done upon the Buckeye claim near the center by sinking a shaft about 10 to 12 feet deep upon the shaft.

The total number of days labor expended in actual work upon the Buckeye claim alone aggregates about 15 days during 1909, for which the company paid \$1 a day for part of it and \$5 a day for the rest of it, aggregating about \$210, exclusive of powder taken from the store. The Buckeye Tonopah Mining Company is authorized to issue 1,000,000 shares of a par value of \$1 each, 600,000 shares of the above being COMMON stock, 400,000 shares being PREFERRED STOCK, all of the PREFERRED STOCK having been placed in the treasury upon original organization (about 2 years ago) requiring that several subscriptions be cut down, several were dropped or cancelled and the balance of the subscriptions were filled with "common stock" and the money received therefor, though not the proceeds of the stock originally set aside as treasury stock, was used for development purposes the same as treasury stock proceeds. Said stock as was "sold" during 1909 consisted of others taking up any lapsed subscriptions but would not change the original amounts subscribed on the books.

No salaries, nor commission were paid to officers, directors, or mine manager. The only wages, or salaries paid, being to the mine foreman and his men. No advertising has been done save "advertising for the patent of the ground" and a want ad in two local advertising papers, patent being included under the head of "Legal and Title" expenses. We have paid no bullion tax—because we have not yet begun the extraction of ores.

The following is the tabulated expense account of the mine expenditures for 1909, complete to midnight, December 31, 1909, and a copy hereof will be mailed to each and every stockholder of the company, together with a copy of the secretary's report, showing detail account of the stock issued and bank balances. The annual meeting of the company will be held on January 25, 1910.
